

Profile

Software developer with 7+ years of experience in building Android and FrontEnd web applications. Experienced in building PWA with high compatibility with old and modern browsers. Seeking to leverage my technical and creative abilities to solve problems and turn them into practical software. My experience includes leading teams of five developers.

Professional Experience

Tech Lead, Kareto

Apr 2022 – present | Ahvaz, Iran

- Led development team of 5 to create the app, including frontend and backend
- Worked in an agile environment with stand-ups, kept track of user stories/bugs in Trello, and conducted 2 hours of sprint planning and sprint retrospectives every two weeks
- Implemented GitLab CI to allow easy production iteration

FrontEnd Developer, Kareto

Jul 2020 – Jun 2022 | Ahvaz, Iran

- Used understanding of JavaScript & React fundamentals to build the PWA for high Accessibility
- Monitored and improved the app performance up to 40% decrease of page load time
- Troubleshooted, fixed 500+ bugs and other issues, and updated throughout production lifecycle with TypeScript
- Trained 2 less experienced FrontEnd colleagues and guided them through React library (with Redux) and pair programming
- Wrote unit tests in Jest to ensure code was tested and 100% bug free

Android Developer, Kareto

Apr 2020 – Jun 2020 | Ahvaz, Iran

- Built a simple Android app that has a WebView to load React app

Software Developer, iPino

Mar 2018 – Feb 2020 | Tehran, Iran

- Designed the database and used Node.js for backend with +40K DAU
- Built an Android app for end users
- Developed main website frontend to online doctor appointment booking for +500 doctors
- Mentored 2 team members to achieve professional growth and learning basic programming concepts and web development

Android Developer, Aarsalweb Startup Development CO

Jul 2017 – Mar 2018 | Ahvaz, Iran

- Developed an app for real estate agency that presented estates to user in 3D view
- Increased speed 30% by refactoring http request handling of an Android app with Retrofit library

FrontEnd Developer, Artman Web

May 2016 – May 2017 | Ahvaz, Iran

- Refactored 3 Wordpress themes to meet SEO standards

FrontEnd Developer, KWPA

Feb 2016 – Apr 2016 | Ahvaz, Iran

- Implemented +20 templates for all new website that based on a custom CMS
- Use D3.js for organization charts that have +300 employees

Intern, Infinity Codes

Aug 2015 – Nov 2015

- Convert PSD format UIs to HTML and CSS templates for building Wordpress themes

Danial Noaein

FrontEnd Developer
